February 2023

To LPHS Seniors – Class of 2023

Friends of Big Sky Education (FOBSE) is pleased to present this Community Scholarship Program booklet to you. Through this project, the Big Sky Community has donated nearly \$79,000 to award to graduates in the LPHS class of 2023, some of which are multi-year scholarships.

Individuals, businesses, agencies and organizations have contributed to these scholarships. These donors join FOBSE in promoting “A Culture of Scholarship” in the Big Sky Community. Through these scholarships, we are helping you to continue your education with the support of your community.

Only those students poised for LPHS graduation in 2023 and those who have graduated early from that class are eligible for these scholarships. Students who have decided to take a gap year before continued education are eligible if they have applied to a certified program of study at the time of application and deferred admission.

Scholarship recipients will be announced in April. At that time, recipients will receive instructions regarding fund access. Students may not access funds until they have incurred expenses toward their studies, however many types of expenses are eligible for reimbursement to facilitate the wide ranging needs of students. Students who earn a multi-year award will be required to meet the criteria for continued support.

FOBSE is a non-profit organization that supports education in both the Big Sky School district and the community. To learn more about FOBSE, please refer to our website on www.friendsofbigskyeducation.org.

We are excited to be a part of the future of your education,

Sincerely,

The FOBSE Scholarship Committee
